

## UR LINE

### FOR THE BEST POOL CLEANING RESULTS AND MAXIMUM COMFORT

DESIGNED TO CLEAN RESIDENTIAL POOLS OF ANY SHAPE  
UP TO 12 M LONG, ADAPTS TO EVERY POOL SURFACE

Excellence  
inside!

## Aquabot UR300

The aquabot UR300 is a premium robotic pool cleaner designed to make life easier for residential pool owners. It ensures optimum cleaning of pools of any shape up to 12 m long, and can adapt to any pool waterproofing finish.

### Contemporary design and cutting-edge technology for superior results

The aquabot UR300 is a premium-range robotic pool cleaner designed to thoroughly clean residential pools, leaving them spotless every single time. Powered by the patented AquaSmart Gyro System, it uses a smart navigation algorithm to intelligently scan the pool and compute the optimum route to clean the pool's floor, walls, and waterline. This, together with its PVA brushes that grip and scrub any surface, and its 4D hyperfine filters capable of trapping even the tiniest microparticles, makes the aquabot UR300 a stand out choice to keep residential pools sparkling clean.

### Pool cleaning made easy

Every single detail of the aquabot UR300 was designed with the pool owner's comfort in mind – from its premium trolley to facilitate transport and storage, through to its transparent easy view windows to monitor filter fouling. Its ergonomic design and hand-grip make handling effortless when it's time to put the cleaner to work.

With the push a button, the 4D filter is released and can be removed from above, opened and cleaned – without getting your hands dirty!

### Unmatched suction power

aquabot robotic pool cleaners' suction power can be doubled through precise adjustment of the height of their intake valves. The closer they are to the surface being vacuumed, the more powerful the suction. Suction can be adjusted to efficiently capture the type of debris to be picked up. Higher for larger debris, or set down low to effortlessly remove even grains of sand.

### Plug in and play

With the touch of a button the UR300 gets to work, you can just sit back and relax.

### The finest filtration performance on the market

Aquabot robotic pool cleaners are fitted with 4D filters, exclusive four dimensional filters that clean 4 times better than any other. The filter fabric features elastic, 3D loops that trap even the smallest micro-particles while the vibrating motion helps prevent filter clogging to maintain a constant suction rate. back and relax.

## ABOUT BWT

The Best Water Technology Group is Europe's leading water technology business with a staff of 4,500, using cutting-edge methods and new techniques to develop innovative, economical and ecologically friendly water purification technologies to provide private households, industry, commerce, hotels and municipalities with the safest, healthiest and most hygienic water possible for their day-to-day needs. BWT provides modern purification systems and services for drinking water and water used

in pharmaceutical and other processes, heating, boilers, cooling and air conditioning and, of course, water used in swimming pools. This includes our robotic pool cleaners, designed and developed to provide optimum filtration of the pool water, removing debris, algae and bacteria. Our employees work particularly hard to create sustainable products that use fewer resources and less energy, thereby reducing CO2 emissions. For you and planet blue!

## TECHNICAL SPECIFICATIONS

Pool dimensions	For pool up to 12 m long (any shape or pool finish)
Cleaning type	Floor, walls and waterline
Cycle duration	1.5 or 2 hours
Filter type	Hyperfine 4D microfibre filter
Filter access	Easy Push Button Top Access
Full filter indicator	Yes
Brushes	2 PVC brushes
Extra brush	yes, vibrating PVC brush
Navigation algorithm	AquaSmart
Gyroscope system	Yes
Power supply	< 29 Volt, SPS 100
Power consumption	< 150 Watt
Platform	Single drive motor
Suction flow rate	19 m <sup>3</sup> /h
Cable length	18m, floating premium
Adjustable intake	Yes, up to twice the suction power
External timer capability	Yes (optional), also compatible with external WiFi timers
Weight	11 kg
Transport/ Storage	Trolley (included)
Guarantee	2 years

*A world made for you!*

EXCELLENCE, INTELLIGENCE, INNOVATION

The BWT world is made for you, and its robotic pool cleaners are designed with you in mind. Don't hesitate, step into an exceptional world.
